

REMARKS

Applicants thank the Examiner for the Notice of Allowance mailed on May 29, 2009. No claims are amended or cancelled. Claims 45–64 are added. Hence, claims 1–13, 18–20, 30–38, and 43–64 are pending in this application.

This amendment is made prior to payment of the issue fee. The amendment adds no new matter to this application, as each of the added claims are dependent upon claims that have already been allowed, and recite nothing more than additional features that are already recited in other dependent claims of different form.

For the Examiner's convenience, the following table identifies each new claim (in bold), and indicates the allowed claim to which each new claim corresponds.

METHOD	APPARATUS (MEANS)	APPARATUS (STORED INSTRUCTIONS)
2	55	45
5	56	46
6	57	47
8	58	48
9	59	49
10	60	50
11	61	51
12	62	52
13	63	53
43	64	54

No additional search or examination is believed necessary. The claims remain patentable for the reasons previously stated by applicants in the record. For the foregoing reasons, applicants respectfully request entry of the amendment herein.

Conclusion

No fee is believed to be due for this paper. If any applicable fee is missing or insufficient, throughout the pendency of this application, the Commissioner is hereby authorized to any applicable fees and to credit any overpayments to our Deposit Account No. 50-1302.

Respectfully submitted,
